Subscription to calls for tender Ger/Aus/Switz

The subscription contains one access to the following calls for tender:

✔ All calls for tender in and outside of Germany (upper and lower threshold), Austria and Switzerland

Services:

- approx. 10,000 calls for tender per year
- entire upper threshold and in Germany also many job opportunities below the threshold
- continuous integration of new sources and direct contacts with contracting authorities
- clearly presented
- precise search filter and keyword search in the whole display text
- customized bookmarks and search profiles
- access to the call for tender Monitor - the most comprehensive annual statistics for all planning-related calls for tender in Germany

Your benefits:

Save time, maintain a reliable overview, and don't miss any call for tender!

The largest portal of calls for tender specifically for architects and engineers in Germany guarantees you a comprehensive and up-to-date overview of all calls for tender on the market.

Be faster than the others.

Subscribers to competitionline hear about it earlier – we keep you informed with a daily newsletter that will be with you by noon. Its clear presentation helps you to evaluate the calls for tender in the shortest possible time and to find the suitable partner offices more quickly.
