**INVITATION FOR PREQUALIFICATION (IFP)**

The Government of Democratic Socialist Republic of Sri Lanka (hereinafter referred to as the GOSL) has received an Overseas Development Assistance (ODA) loan from Japan International Cooperation Agency, hereinafter referred to as the JICA, in the amount of **14,087** Million Japanese Yen (JPY) toward the cost of Kandy City Wastewater Management Project bearing Loan Agreement No: **SL-P99** Dated **26<sup>th</sup> March 2010** and intends to apply a portion of the proceeds of the loan to payment under the contract for which this invitation for prequalification is issued. Disbursement of the ODA loan by JICA will be subjected, in all respects, to the terms and conditions of the loan agreement including the disbursement procedures and the "Guidelines for Procurement under JICA ODA loans". The beneficiary of the project is the Kandy Municipal Council (hereinafter referred to as the KMC). However, the project is vested with the National Water Supply & Drainage Board "a body corporate established under the National Water Supply and Drainage Board Law No. 2 of 1974 amended" (hereinafter referred to as NWSDB), who will own the assets created by the project. The Government of Sri Lanka has appointed the National Water Supply & Drainage Board as the implementing agency for the project. No party other than the NWSDB that acts on behalf of the GOSL shall derive any rights from the loan agreement or have any claim to the loan proceeds. The above loan agreement will cover only a part of the project cost. As for the remaining portion, Government of Democratic Republic of Sri Lanka will take appropriate measures for finance.

JICA requires that bidders and contractors, as well as NWSDB under contracts funded with JICA ODA loans and other Japanese ODA, observe the highest standard of ethics during the procurement and execution of such contracts. In pursuance of this policy, JICA;

- a) will reject a proposal for award if it determines that the bidder recommended for award has engaged in corrupt or fraudulent practices in competing for the contract in question;
- b) will recognise a contractor as ineligible, for a period determined by JICA, to be awarded a contract funded with JICA ODA loans if at any time determines that the contractor has engaged in corrupt or fraudulent practices in competing for, or in executing, another contract funded with JICA ODA loans or other Japanese ODA.

The NWSDB (hereinafter "the Employer"), intends to pre-qualify contractors for following contracts comprising following works.
