BIDDER'S ELIGIBILITY CRITERIA

The bidder, as an individual entity or in a Joint Venture, should meet the Eligibility Criteria / Requirements as a contractor or subcontractor as stipulated hereunder:-

A. TECHNICAL

- i. The bidder should be a manufacturer of WEG (Wind Electric Generator).
- ii. Bidder should possess experience of having successfully completed a Similar Work of at least **48 MW** wind power project against a single contract during the last 7 years, ending on the last date of the month prior to the original bid submission date, which should be in successful operation for at least one year, ending on the last date of the month prior to the original bid submission date.

OR

Bidder should possess experience of having successfully completed two Similar Works each of at least **30 MW** wind power project against two contracts during the last 7 years, ending on the last date of the month prior to the original bid submission date, which should be in successful operation for at least one year, on the last date of the month prior to the original bid submission date.

OR

Bidder should possess experience of having successfully completed three Similar Works each of at least **24 MW** wind power project against three contracts during the last 7 years, ending on the last date of the month prior to the original bid submission date, which should be in operation for at least one year, ending on the last date of the month prior to the original bid submission date.

"Similar Work" means execution of Wind Power Projects on Engineering, Procurement and Construction (EPC) basis.

- iii. The model / type of WEG offered in the Bid should be of minimum 1500 kW rating and have been installed by the bidder in a Wind Power Project during the last 7 years, ending on the last date of the month prior to the original bid submission date. The quoted model should be in the approved list of NIWE.
- iv. The bidder should be presently doing operation & maintenance (O&M) of wind power projects and should have the experience of successful operation and maintenance of a wind power project of **10 MW** capacity having WEGs of minimum capacity of 500 kW or above against single contract in India, for a period of at least one year, ending on the last date of the month prior to the original bid submission date.
- v. The bidder shall have any of the following arrangement for having land with clear title and free from all encumbrances, charges, liens, encroachments or litigation and not subject matter of aquisition for any other purpose:-

- a) The bidder already having possession of land in record of rights in his own name: Copy of registered lease for Government land / sale deed in case of land under ownership shall be furnished with the bid along with latest copy of title paper (jamabandi) and non-encumbrance certificate in original by the sub-registrar or legal search report from advocate. However the latest non-encumbrance certificate in original counter signed by the Registrar /sub-registrar should be submitted prior to price bid opening.
- b) The bidder already having agreement duly notarized with a third party (an individual or company) who is / are already having possession of land in his / their own name:
Copy of lease for Government land / sale deed in case of land under ownership with such a third party shall be furnished with the bid. The bidder shall furnish land details, agreement of bidder duly notarized with third party with a commitment to transfer such land by way of sale/ lease to SJVN without any additional liability / obligation/ cost implication on SJVN including Service Tax, etc., if any.
The bidder having "Agreement to sale"(ATS) signed between Third party (Land Aggregator or land holding company) & the land owner /farmer along with MOU signed between bidder & such third party shall be furnished with the bid wherever necessary. The MOU between the bidder and the third party (Land Aggregator or land holding company) shall contain the provision for transfer of land in favour of SJVN without any additional cost.
- c) In case of Government land, bidder already having allotment letter of the land for setting up of wind power project thereon, in bidder's own name or in the name of third party (an individual or company) by the competent authority:
If such allotment letter is not available then recommendation for allotment of land for setting up of wind power project from the nodal agency will be considered subject to receipt of allotment letter before price bid opening. The bidder shall furnish land details, copy of allotment letter, agreement of bidder duly notarized with third party with a commitment to transfer such land to SJVN without any consideration with his bid.
- d) In case of Forest land, the bidder already having in principle approval of MoEF, Govt. of India either in his favour or in favour of third party for diversion of offered Forest land for use in implementation of wind power projects under Section 2 of Forest (conservation) Act, 1980:
The bidder shall furnish land details, copy of in principal approval of MoEF, Govt. of India, agreement of bidder duly notarized with third party with a commitment to lease/ sub lease such land to SJVN without any consideration with his bid.
In addition the bidder shall give an undertaking for discharging the obligations and complying with the directives given by MoEF in its approval letter within completion time of the project.
- vi. In case of Joint Venture (JV) applicants, the maximum number of partners in JV shall be two and the Lead Partner shall be manufacturer of WEG (All partners of JV should have active participation during the contract implementation). The partners of Joint Venture (JV) shall be jointly and severally liable for the execution of the contract. Bid Eligibility Requirements have to be fulfilled jointly by the JV partners. The Joint Venture (JV) Agreement proforma is also enclosed at **Annexure-VII** of the bid document and is

required to be submitted along with bid duly notarized (in original or notary attested copy).

Further, each partner of joint venture shall have executed the contract for similar work either as a manufacturer of WEGs (Wind Electric Generators) or in the business of operation & maintenance (O&M) of wind power projects.

B. FINANCIAL

- i. Average annual financial turnover of the bidder should be at least Rs. 300 Crore during the last three preceding financial years ending 31st March i.e. FY 2013-14, FY 2014-15 & FY 2015-16. The annual turnover of the lead partner of joint venture shall not be less than 50% of what is specified above. Other partner shall individually have an annual turnover not less than 25% of what is specified above. However total annual turnover as per eligibility criteria shall be fulfilled jointly by the JV partners. However, the turnover of parent company, holding company, sister company, subsidiary company will not be considered.
- ii. Net worth of the bidder should be positive during the last financial year ending 31st March, 2016. In case, Bidder has negative Net Worth during last FY ending 31st March 2016, the bidder should submit bank solvency certificate amounting to Rs 120 crore for this project.
